EXECUTIVE DIRECTOR MESSAGE

This school year is already off to an amazing start! We have been busy giving away grant checks to NEISD teachers, surprising them in the classroom setting, at convocation, and on the football field. We are gearing up to raise more money to give back through several events, including our Golf Tournament on the 13th of October and through our monthly giving campaign, Team NEISD. We are excited to announce our new Chairwoman of the NEEF Board, Kimberly Prater, and five amazing new board members: Sandra Arteaga, Lawrence Bock, Richard Delgado Jr., Jasmine Gonzales, and Sandy Winkley.

Thank you for supporting the Foundation and making it all possible!

Warmest regards,
Katherine Rocha

SPOTLIGHTING ...

Liz Cheslock (pictured above) was thrilled when she received a grant check of \$37,866.60 to purchase a giant wall projection, light and audio system for a "Lu Interactive Playground" in the Encino Park Elementary School gym. This year, NEISD teachers will receive over \$259K in grants which enable them to take a fresh approach to learning. DATA at White Middle School's "Soaring Hydroponics" grant will teach students about growing food in challenging environments and explore solutions to world hunger. Sparky the mascot made a special appearance to celebrate the grants, including at the Northern Hills Elementary's Sensory Garden grant giveaway. Exciting and innovative learning awaits teachers and students this year.
