

EXECUTIVE DIRECTOR MESSAGE

In February, love is in the air, and at NEEF, we want to show our appreciation for NEISD teachers, board members, staff, and our generous donors. If you also want to express your love towards NEISD and NEEF, consider donating to NEEF to support classrooms this Valentine's Day. Another way to show your support is by attending our annual Denim, Diamonds, and Dreams Gala on March 2 with your loved one or your coworkers. By doing so, you will not only have a great time but also contribute towards the Foundation's Student Impact Grant program.

Finally, tax forms have gone out this week. If you haven't received yours, please check your email's spam folder or notify us by email at foundation@neisd.net, and we will get back to you. To learn more about us, you can visit www.northeastfoundation.org.

Once again, thank you for your continued support.

Warmest regards,

Katherine Rocha

NEEF BRIEF

February 2024

SPOTLIGHTING ...

CTEC's Dental Assistant classroom has been transformed into a realistic dentist's office, thanks to the NEEF grant funding. With the help of X-ray software, students can now practice and improve their skills on the Dexter Manikins. Using this real-life software has helped the students gain valuable hands-on experience, and it also allows them to perform better in their X-ray certification tests.

Before, students had to rely on donated X-rays and videos. But today, the software allows them to interact with the X-rays and explore the bone, tooth, and underlying structures in-depth. "The software really helps me because I can see clear images, and it helps me diagnose," said Ella Carlson, a student who is planning to obtain her bachelor's degree in dental hygiene at Brigham Young University. Thanks to the NEEF grant, students can now gain a competitive advantage in the job market.
